Amina-Kamra Maglić

Product Designer | Research-led, Figma, prototyping
maglickamra@gmail.com | +387 62 579 681 | maglickamra.github.io/portfolio | Sarajevo, Bosnia and Herzegovina

PROFILE

Product designer with an MSc (KTH, Interactive Media Technology) and a BA (Hons) in Interaction Design (Glasgow School of Art). Experienced in Figma prototyping, user research and interaction design. Turns research findings into working prototypes and works closely with engineers.

WORK EXPERIENCE

Design Consultant, Gracija Magazine, Sarajevo (Nov 2023 – present)
- Design consultant for annual humanitarian galas that help victims of domestic violence restart their lives.
- Plan each project through the year: sponsors, funding, ideation and logistics.
- Design the visual identity of each event.

UX Researcher, ABB, Västerås, Sweden (Jan 2026 – Jun 2026)
- Used vibe coding and Claude to build a working prototype of the digital twin interface directly from research findings, moving from concept to a testable build faster than a mock-up-only workflow.
- Researched digital twins in safety-critical industrial environments, focused on operator decision-making and data visualisation.
- Designed and iterated the interaction design in Figma.
- Research findings and prototype led ABB to start a multi-year R&D; project.

Web Developer & Data Analyst, SKRIPTA, Sarajevo (Jun 2022 – Jul 2025)
- Web development on WordPress: custom theme and plugin creation and modification, WooCommerce.
- Built a web scraper with Codex to collect and analyse data for a research project run in collaboration with Harvard.

Creative Technologist, Glasgow School of Art, Glasgow (Dec 2022 – Feb 2023)
- Projection mapping and motion graphic design for exhibitions.
- Technical implementation of interactive systems, 3D modelling and museum curation.

Teaching Assistant, KTH Royal Institute of Technology, Stockholm (Dec 2025 – Mar 2026)
- Graded assignments and supported students during course exercises and consultations.

Design Intern, Represent Communications Bosnia and Herzegovina, Sarajevo (Jun 2020 – Sept 2021)
- Client management, graphic design, video production, branding and advertisement design, motion graphics design.

EDUCATION

MSc, Computer Science and Electrical Engineering, KTH Royal Institute of Technology, Stockholm (Aug 2024 – Jun 2026). Specialisation in Interactive Media Technology.

BA (Hons), Interaction Design, University of Glasgow, Glasgow School of Art, Glasgow (Sept 2020 – Jul 2024).

SKILLS

Design & prototyping: Figma (wireframes, UI design, interactive prototypes, user flows); Adobe Creative Suite: Photoshop, Illustrator, InDesign, Premiere Pro, After Effects
Research: User research, interviews, usability testing
AI-augmented development: Claude, Codex, GitHub Copilot, ChatGPT
Programming: JavaScript, HTML, CSS, Python, Java, C#
Languages: Strong English and German.

CERTIFICATIONS

Creative Coding: Making Visuals with JavaScript, Domestika (Oct 2023). London School of Public Relations Content Academy (2019–2020): SEO, Google Analytics, digital content. Al Jazeera Balkans Videography Seminar (2019): Premiere Pro, After Effects.

WORK AUTHORISATION

Citizen of Bosnia and Herzegovina. Work permit and employer sponsorship required.
